HATTER

th Year

Dedication

A Vanderbilt graduate, Dr. William E. Taylor came to Stetson as an assistant English professor in 1957 but though a comparatively new member of the university faculty, he has nonetheless achieved a vast degree of popularity, respect, and influence.

Knowing his field thoroughly, he dynamically imparts it to others, at the same time drawing from their minds and experiences. His peers and his students alike gravitate to him to find an essence with which to enhance themselves; yet he is continually fulfilling his own ideas and capabilities by writing plays, articles, and poetry, editing anthologies, advising student religious and honorary organizations, acting, etc. For example, as Luther Billis he was a major attraction in South Pacific, and his Colonel Phillips was one of Stover Theatre's three fall semester productions this year. His powerful verse, highly romantic with traces of classicism, has appeared in such diverse publications as *Impetus*, *The Ohio Poetry Review*, and *The New York Herald Tribune*.

It is indeed difficult to describe a man so talented, humorous, and vibrant, but a recent Stetson graduate seemed to express the idea well. When Dr. Taylor was mentioned, she simply threw up her hands and said, "He's WOONDERFUL!"

By the time this book is published, the current staff will be out of office, close to graduation and then advanced study. Therefore, we feel that this is the perfect opportunity to express our appreciation, admiration, and respect of one who, by example rather than argument, has caused so many students to decide to become college teachers; and so we hereby dedicate the 1963 *Hatter* to Dr. William E. Taylor.

Dr. William E. Taylor

## Look At Progress . . .

Now in its eightieth year, Stetson University continues to stand out as a pacemaker in the resurgent South and the new Florida. The oldest university in the state, Stetson constantly endeavors to maintain and extend its list of "firsts" by embarking on massive programs of curriculum revision, faculty enlargement, and building expansion. The past decade alone has seen Dr. Edmunds be the first Florida university president to head the Association of American Colleges, Dean McEniry be named president of the Southern Association of Colleges and Secondary Schools, the uni-

versity receive several national government research grants, the alumni to lead all Florida colleges and universities in citations in *Who's Who in America*, and the chapel to receive one of the country's few Beckeraupth organs, to cite but a few of the major accomplishments.

Such an era of progress can most easily be seen in the building program now underway, and these two pages show the advances made in merely the past FIVE years—obvious evidence of the dynamic spirit of this eighty-year-old institution.

Opened in 1958, the Student Union Building has since become the center of campus and civic activity.

A tribute to student spirit is the recently lighted cupola atop Elizabeth Hall.

This fall saw the opening of five such new dormitories for fraternity and independent men's housing.

Below is the artist's conception of the new library for which construction was begun this past February.

# Editor's Preface - - -

As graduation nears and we finally can no longer look forward to compiling another **Hatter**, we would like to express particular appreciation to the following people for their invaluable assistance on the past three annuals: Mrs. Marguerite Spivey, former assistant in the News Bureau and now secretary in the President's office, for her time and effort in locating photographers, pictures, copy, etc.; Roger Gilmore, sports editor of the **Deland Sun-News**, for the many action shots he has given the **Hatter**; and Dean Etter Turner for her counseling, prodding, direction, and general "organization."

Although few people have the opportunity to dedicate even one year-book, much less three, everyone must realize the difficulty involved in making such a decision since there are so many worthy subjects connected with the university. Therefore, a new format has been designed to enable us to cite many more than usual. The selections may not seem entirely relevant to the sections they preface in some instances, but they are as closely related as possible. The 1963 **Hatter** as a whole is dedicated to Dr. William E. Taylor, but special recognition is in order and has been made to these eight worthy teachers, administrators, and friends:

## DR. ROBERT S. CHAUVIN . . .

■ On the Stetson campus since 1950, Dr. Chauvin has attained a host of fans due to his warm and sincere personality. As a professor of geography and geology he has achieved such distinctions as listings in *Who's Who in Education*, *Leaders of American Science*, and *Orbis Geographicus*. His popularity locally is obvious in his being president of the Faculty Senate and chairman of the Athletic Committee.

## HAROLD M. GIFFIN . . .

■ Now in the twenty-eighth year at Stetson, "Prof" Giff—in has become known throughout the country for the dynamics of his teaching, his ability to weld great choruses, and his own voice; his subtle humor has further enhanced his popularity. An avid sports fan, "Prof" directs the university's cheerleading squad in addition to its choruses. He is also a member of Omicron Delta Kappa with citation in *Who's Who in Music*.

## MISS KAREN MARION

A nineteen-year-old sophomore from Orlando, Miss Karen Marion, was chosen in November as titular beauty for the 1963 Hatter. The dark-eyed winner was sponsored by Pi Beta Phi social sorority, of which she is a member. In her only previous appearance in a Stetson contest, she also did well, being named first runner-up to the Pi Kappa Phi freshman beauty queen.

To the right, Karen is seen smiling happily after just becoming Miss Hatter; below, she is crowning this year's frosh queen, Miss Gwen Knight.

## Green Feather Drive

No carnival would be complete without a calliope, so the Green Feather Committee annually uses this one belonging to the Daytona Lions Club.

For the third consecutive year, the Pershing Rifles perform an exhibition drill at "half-time" of the Miss Hatter contest.

An unidentified coed clutches the screen as she taunts passersby to buy eggs to throw at her for charity.

## DR. JAMES A. STEWART

■ Not too long ago, Delta Upsilon of Pi Kappa Alpha initiated James A. Stewart, a man who has earned the respect and devotion not only of the chapter, but also of the entire university. As a professor, he has engendered the love of philosophy in both the DeLand and St. Petersburg campuses; as a counselor he has provided guidance and reassurance to many students; and as an administrator he has sponsored several edifying faculty retreats and seminars. Perhaps his most notable achievement, however, comes from his being Dean of the Chapel, for Dr. Stewart has made the services as nonsectarian and enlightening as possible.

Alpha Chi Omega was founded in 1885 at DePauw University in Greencastle, Indiana, by seven outstanding members of the music school. The golden lyre badge was chosen because of its significance as the first musical instrument of the Greeks; it also represents the musical heritage of Alpha Chi. The colors are scarlet and green, and the flower is the red carnation.

The Gamma Chi Chapter was founded at Stetson in May of 1957 and has since been recognized as the outstanding AXO chapter in the state of Florida.

The friendly Alpha Chi's may be seen participating in many campus activities. Lynn Chapman serves as president of Women's Executive Council, while many other Alpha Chi's are house council members. Panhellenic president Gail Hilverink and Charlotte Keyes are cited in Who's Who in American Universities. Edwinna Murphey is secretary to the Publications Board

and editor of *Compass*. Other honoraries represented among the group are Kappa Pi, Sigma Beta Chi, Psi Chi, Phi Society, and Kappa Mu Epsilon. In addition, Alpha Chi's have merited recognition through the Honor Roll and Deans' List.

The girls of the golden lyre are doing capable jobs in the fields of publications, Stover Theatre productions, Union Board, Religious Life Council, the many religious organizations, Intramural Board, and the Green Feather, Parents' Weekend, Orientation, Homecoming, Hatter Holiday, and Leadership Weekend Committees.

Beauty honors received by Alpha Chi's include Julia Mobley as Miss Basketball, Caroline Pilcher as Greek Week Athena, and Gail Hilverink as Homecoming Hostess. Virginia Sporhase was also sponsored in the Miss Basketball contest.

Carole Owsley and Ann McDowell seem to be enjoying themselves at one of the Sigma Nu band parties.

Charlotte Keyes watches intently as Gail Hilverink gets ready to make a call in an intramural softball game.

Alpha Xi Delta, founded at Lombard College in Galesburg, Illinois, on April 17, 1893, was one of the first ten sororities in the National Panhellenic Council. The golden quill studded with pearls and the pink Killarney rose are the symbols of Alpha Xi Delta, its colors being double blue and gold.

No matter where one goes on campus, he will find a friendly and capable Alpha Xi. The trophies which fill the trophy case give evidence to the many titles and honors which our girls have garnered.

Pike Sweetheart Yvonne Wilby is also reigning beauty of the Ft. Myers pageant and a candidate in the Miss Florida competition. Other honors among the group include Lambda Chi Sweetheart Suzanne Mullins, SGA Secretary Judy Campbell, Hatter Business Manager Anne Greene, and cheerleaders Diane

Strickland, Francene Smith, and Marcia Robinson.

Among the other activities on campus, one will find Alpha Xi girls on house councils, the **Reporter** staff, in Stover Theatre productions, in the Concert Choir, and on Honor Roll and Dean's List.

Alpha Xi's are also outstanding members of many honorary societies: Phi Society, Sigma Delta Pi Sigma Pi Kappa (president Anne Greene), Pi Kappa Delta, Kappa Pi, Sigma Beta Chi, and Tassel. Also, many of the members are found working in Canterbury House, B.S.U. and other religious organizations.

Alpha Xi Delta's national projects are a great source of pride, one of the most important being in connection with a national juvenile delinquency program. Alpha Xi's also help with several annual charity drives.

SGA secretary Judy Campbell takes minutes as president Bob Morris conducts an assembly.

Alpha Xi's Leanne McGinnis, Paul Tondee, and Nancy Crable join in the fun at the DeLeon Springs party during orientation week.

Delta Delta Delta was established on Thanksgiving Eve, 1888, at Boston University. Alpha Delta Chapter, founded at Stetson in 1913, is the oldest Tri-Delta chapter in Florida. Tri-Deltas honor their badge of three pearl-studded stars within a golden crescent and hold fast to their colors of silver, gold, and blue.

Tri-Deltas take a very active part in all phases of campus life. Dian Aiken serves as president of Chadouin Hall, as well as being a member of Scroll and Key and Who's Who in American Universities and Colleges. Sara Booth, Beth Lacer, and Patti Snow also represent the group on house councils. Mary Beth Everroad is president of the Women's Physical Education Majors Club and Margaret Jones is Kentucky golf

champion. Nancy Plapp, co-chairman of Greek Week, recently won a southeastern intercollegiate bowling championship. Further, Patti Snow is on the **Reporter** editorial staff, Sara Booth a member of Sigma Pi Kappa, and Kenny Butler in Kappa Pi.

As a group, Tri-Delta this year won the Greek Week Olympics and, in conjunction with Pi Kappa Alpha, won the trophy for the best-decorated chariot.

These are but a few of the activities in which Tri-Deltas engage. Traditional activities of the sorority, now in its fiftieth year on the Stetson campus, are the Apple-Polishing Party, Founders' Day Banquet, retreat, Pansy Breakfast, and Tri-Delta Weekend.

This Tri-Delt team seems intent on winning the three-legged race.

Greek Week co-chairman Nancy Plapp presents commander Jack Sparks with one of the Sigma Nu's trophies.

Pi Beta Phi, the oldest national fraternity for women, was founded in 1867 at Monmouth College, Monmouth, Illinois. Florida Alpha, one of its 104 chapters, was established in 1913, making Pi Beta Phi the first national Panhellenic organization on the campus of John B. Stetson University.

Pi Phi's national philanthropic work is the Pi Beta Phi settlement in Gatlinburg, Tennessee, founded in 1912 for educational and medical services.

Among the outstanding alumnae of the sorority are Margaret Truman Daniels, Mrs. Calvin Coolidge, Jane Wyman, Elizabeth Scott, and Mrs. Farris Bryant.

Stetson's wearers of the golden arrow are active in every phase of campus life. Sweethearts of four of the campus's six men's fraternities are Pi Phi's: Penny Gray, Betsy Seigle, Suzy Hankins, and Joy Hartung. Mortar Board and Who's Who have tapped Suzy and

Eleanor Dickey. Cheerleader Cissy Harris is also sponsor of Pershing Rifles. Penny Gray is a member of Theta Alpha Phi, and many of the girls are in the university choir, chorus, and orchestra.

Pi Phi's are all very proud of group participation. The sorority has won another scholarship trophy, first place for the Greek Week skit, and first place for the 1963 Homecoming float "Walking the Berlin Tight-rope."

Beauty honors are also numerous within the sorority and the entire group is proud of these girls. Gwen Knight became the fifth straight Pi Phi to be named Freshman Beauty Queen. This year's Miss Hatter is Karen Marion, with Penny Gray a runner-up. Suzanne Fletcher was runner-up in both the Freshman Beauty Queen and the Miss Basketball contests. And then there is always Miss Ugly, Nancy Atsma.

All eyes are on Suzy Hankins as she takes a part in the wedding ceremony which is traditional at all Pi Phi formal rush parties.

Phi Mu, the second oldest sorority in the United States, was chartered in 1852 at Wesleyan College, Macon, Georgia. Presently there are eighty-three collegiate chapters and one hundred seventy-nine alumnae groups. The Stetson chapter of Phi Mu was chartered in 1949. Its symbols are an oddly-shaped badge bearing a heart and hand embossed in gold and black, and the pink Enchantress carnation.

Since Phi Mu has been on Stetson's campus, members have been active in all phases of campus life. Among the current members are Bev Graham, member of Mortar Board and Who's Who; Joy Kressman and Mary Bues, Kappa Mu Epsilon; Lisa Durgin, Sigma Delta Pi; Sharon Gage, Sigma Pi Kappa, Student Union Board Hostess; Marcia Clemons, Sigma Beta Chi. Other activities include Phi Alpha Theta, dorm councils, university choir, Hatter staff, SGA committees, and Panhellenic committees.

Phi Mu places emphasis on social services. The chapter's major project is the care of an adopted Korean boy. There are many other projects and all are carried out with special attention to helping the needy and underprivileged.

In keeping with chapter traditions, the group held the annual fall pledge retreat, Mother-Daughter Christmas party, spring retreat, spring weekend, and senior breakfast. Alpha Xi has also been chosen the best all-round Phi Mu chapter in the state.

Thanks to a wonderful alumnae group and to the efforts of our officers, the past year has been a successful one for Phi Mu.

Zeta Tau Alpha is collective individualism. It has always stood for the autonomy of the individual, for to stifle individualism would be to defeat its purpose. Yet, each member is always ready to put her own academic, athletic, social, and administrative abilities to work for the group and the university.

Academically, Zeta has members in Beta Beta Beta, Kappa Delta Pi, Kappa Mu Epsilon, Kappa Pi, Sigma Beta Chi, Sigma Pi Kappa, Sigma Tau Delta, Phi Society, Tassel, Honor Roll, and Dean's List.

Athletically, Zeta has won the Intramurals trophy for the past five years and the Hatter Holiday trophy for the past two. The group also ran a close second in the Greek Week Olympics this year, after winning the trophy for the previous four years.

Socially, Zeta initiated desserts for other sororities,

helping build Panhellenic spirit. Individually, Eileen Liphthrott is reigning Miss Stetson, and Frances Lyle her runner-up, and Patti Cooper is an ROTC company sponsor.

Administratively, Zetas served on many SGA committees and on house councils. Individually, Diane Disney is **HATTER** Editor for the third consecutive year and a member of the "S" Club. Jane Kraft is co-chairman of Homecoming.

This is but a brief picture of Zeta Tau Alpha at Stetson University 1962-1963—with each member striving to uphold the goals of the National Fraternity, which was established at Longwood College, Farmville, Va., on October 15, 1898, and the goals of the charter members who founded the Stetson chapter in 1934, choosing as charter president our own Dean Etter McTeer Turner.

Stetson's Panhellenic Council, a member of the national group, is the governing body for the six social sororities: Alpha Chi Omega, Alpha Xi Delta, Delta Delta Delta, Pi Beta Phi, Phi Mu, and Zeta Tau Alpha. The group represents preparation for service through character-building inspired in the close contact and deep friendship of fraternity life.

Of primary concern to Panhellenic is sorority rush. At the beginning of each semester it holds informative sessions to explain rush rules, preferentials, and penalties to prospective Greeks. This year it also sponsored a welcoming party for all freshman women during orientation week.

The council also acts as a judiciary board, hearing all cases involving illegal rushing, broken pledges, initiation exceptions, and disputes between member sororities. Further, it annually awards a two hundred dollar Panhellenic Scholarship to a deserving female undergraduate.

Each member organization has three representatives on the board: its president, rush chairman, and representative-at-large, only the latter having a vote. Offices are rotated to provide equal opportunities to all groups.

Seated, from left, are Dick Ulack, Jim Terrell, Mel Rodelli, and Jay Landers. Standing are Jim Coulter, Art Skibbe, Chip Shore, and Eddie Mulock.

Corresponding to Panhellenic is the Inter-Fraternity Council, which coordinates the activities of and settles the disputes between Stetson's six social fraternities: Delta Sigma Phi, Lambda Chi Alpha, Pi Kappa Alpha, Pi Kappa Phi, Sigma Nu, and Sigma Phi Epsilon. Each of these groups are members of national fraternities pledged to uphold ideals and standards similar to those embraced by the University.

Fraternity life is one of the most important extra-curricular activities of one's college career, as membership enhances one's sense of responsibility, scholarship, leadership, and belonging. The local chapters

are aware of this importance and, aided by I.F.C., are ever conscious of their responsibility for developing men willing and capable of assuming the positions of leadership both on the campus and in the world.

Dean Bill Baggett serves as advisor to this group, just as Dean Turner does for Panhellenic.

Delta Sigma Phi was founded in 1898 at the College of the City of New York. Since that time it has grown to be one of the largest national fraternities, with over 100 chapters and 50,000 brothers in the bond of Sphinx. The local chapter, Alpha Chi, was installed at Stetson in 1925 with Dr. J. Ollie Edmunds, now president of the University, as charter president.

The chapter conducts such annual affairs as the Christmas "Pop Garner" party for underprivileged children, Honki-Tonk party, and the Sailors' Ball. The latter originated at Alpha Chi chapter during the depression and has since been adopted as the official weekend for all chapters of the fraternity.

The Delta Sigs, while a social fraternity—all for one, one for all, and all for fun—add much to campus life and the brothers hold many honors, ranging from I.F.C. secretary (Dick Ulack) to Zeta King (David McIlvain). Alpha Chi chapter has always excelled in sports, and this year again won the intramural football championship, under the direction of quarterback Ron Girona; many of the brothers also participate in varsity sports.

The brothers of the Green and White take pride in their honors, striving constantly to improve their scholastic stand-averages and campus standing.

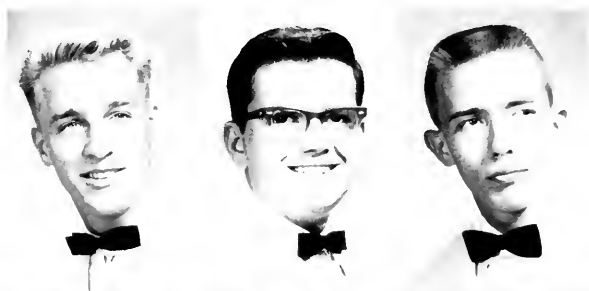

Faculty members of Delta Sigma Phi include Wesley M. Berner, Donald C. Yaxley, and Burwell Wingfield.

Odds-on favorite to take the football tournament, this Delta Sig squad, quarterbacked by All-Star Ron Gironda, poses happily after doing just that.

**Kalepa Ta Kala** is the open motto of Lambda Chi Alpha. Meaning "Naught without Labor," it has provided the basic tenet for Lambda Chi since its founding on November 2, 1909, at Boston University. With this thought always in mind, Lambda Chi has grown to become one of the largest international fraternities with a total of 151 chapters.

Lambda Chi has a tradition of steady growth through work, always striving to improve in order to offer more and more to its men. This has been the story of Zeta Tau on the Stetson campus from the beginning of the chapter in 1949 to the present. It is through working toward common goals and ideals that a close brotherhood is formed, and it is this brotherhood, the essence of fraternity, of which Lambda Chi is most proud, feeling that ours is of the highest calibre. It is our goal to have a well-rounded fraternity with something to offer every man and a place for every man to apply his particular talents;

only in this way can a fraternity grow and prosper as it should.

While a social fraternity, Lambda Chi contributes much to campus life in all areas. Brothers are seen on the basketball, soccer, and track teams. They are representatives in the Student Senate, Homecoming Mayor, director of the Traffic Committee, president of the Baptist Student Union, interior decorator for the new men's residence halls and fraternity houses. Lambda Chi's are seen in Green Circle and Omicron Delta Kappa, as well as Who's Who, Dorm Council, Pershing Rifles, various honoraries, and on committees of the Student Government Association.

The desire to work to succeed has brought the fraternity to first place in scholarship. Through further adherence to **Kalepa Ta Kala**, the never-ceasing aid of friends and alumni, and the close brotherhood within the chapter, Lambda Chi will continue to maintain its high moral and scholastic ideals.

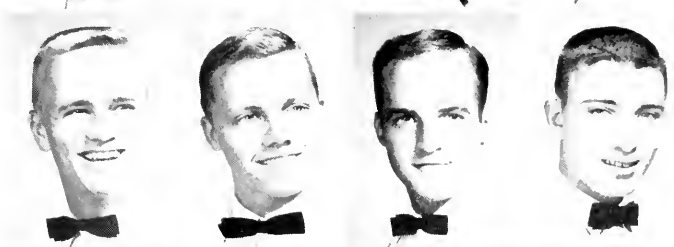

Tom Parsons, Dwight Geiger, and Ned Julian read and relax in the new Lambda Chi house, one of the four on fraternity row for which Brother Jim Murphy was interior decorator.

March 1, 1898, was the founding date of the Pi Kappa Alpha Fraternity at the University of Virginia. Since then it has grown to 139 chapters, located at major colleges and universities throughout the United States. Delta Upsilon chapter of Pi Kappa Alpha was founded at Stetson on March 31, 1951.

The men of the Shield and Diamond are proud of members who have participated in campus affairs during the past year, such as John Dennis being member of the Publications Board and Editor of the **Stetson Review**, and Guy Villa being co-captain of the soccer team. Delta Upsilon members have been active in such other phases of campus life as the "S" Club, Pershing Rifles, Phi Society, Green Circle, Stover Theatre Productions, Honor Roll, Dean's List, and the Stetson Orchestra and Choir.

The Pikes have always taken an active part in the

sports program of the University, Pike can be seen on the varsity soccer, golf, tennis, baseball, and bowling teams. In addition to the intercollegiate sports, Pi Kappa Alpha has also done an outstanding job in campus intramurals by winning the tennis trophy.

During Greek Week, Delta Upsilon again won the trophy for the best-decorated chariot.

Wherever beautiful girls are to be found, one will always see a Pike around. Typifying this are our Miss Hatter representative Miss Suzanne Fletcher, and our Dream Girl, Miss Yvonne Wilby, who is also reigning Queen of the Ft. Myers Pageant.

Chi chapter of Pi Kappa Phi was founded on Stetson's campus in 1921, seventeen years after the national organization was chartered in Charleston, South Carolina. The first local, Pi Kappa Phi, was originally started at Stetson in 1912. Since these early years our fraternity has founded many traditions which are now a part of campus life, such as the Freshman Beauty Queen Contest, the Parade of Orchids, the Freshman Girls' Serenade... and Uncle Gy-Rack.

Throughout the years, Pi Kappa Phi at Stetson has become recognized and respected for its "tradition of excellence" in all phases of university life. This tradition has been consistently maintained through a balanced program of leadership development in such areas as athletics, music, scholarship, political and religious activities, participated in by men of superior talents. Men of Pi Kappa Phi have served their campus in many offices and honors during the past year. Some of these service positions include SGA treasurer, "S"

Club president, Men's Council president, Union Board president, and various senate offices. Pi Kapps have in the past year had several of their men honored in such organizations as Green Circle and ODK. This year there were Pi Kapps in the chairmanships of the Green Feather and Homecoming committees. We feel that the individual members and the chapter as a whole were honored when for the fourth year in a row the women of Stetson University elected another Pi Kapp to reign as Greek Week King, and when this year four of the men elected to Who's Who in American Universities and Colleges were Pi Kapps.

Pi Kappa Phi also prides itself on its athletics. We have members on all the intercollegiate sports teams and are among the top contenders in intramurals.

Pi Kappa Phi—the friendly fraternity—is aware of and assumes with confidence its responsibilities for developing leaders on today's campus for tomorrow's world.

"He who starts out on a road, not knowing where he is, where he is going, or how he is going to get there, is lost. He may reach no worthwhile destination - or if he does by accident - how does he know that he has arrived?"

For many a young man these words may describe the situation which he faces as he begins his college career. For most, a destination becomes clear and a desire to fulfill a purpose is acquired. Yet the means of obtaining this destination are often difficult to ascertain. Of many, a few find in the spirit, heritage, and traditions of Sigma Nu the way to follow throughout their lives. Each man learns "to believe in the life of love . . . to walk in the way of honor . . . to serve in the light of truth."

Honor is the keystone of Sigma Nu, uniquely an Honor Fraternity, founded at an Honor College, with brothers all pledged to try to "walk in the way of honor." This is an ideal which, when followed, makes a man trusted, his word good, his actions dependable, and his decisions admired and respected. The Way of Honor is the Way of Sigma Nu.

As for Delta Mu of Sigma Nu each brother strives to maintain the high spirit and traditions that have been passed down through the years. Now in its fiftieth year on the Stetson campus, Sigma Nu was the first national social fraternity here, and from the very beginning, the word "first" has remained a keynote of the chapter. It is unnecessary to present a list of accomplishments of each brother or the chapter as a whole. Names such as Terrell, Keiper, Gladden, Williams, Wilkins, Chaplin, and Hester are familiar to the campus for leadership in various activities. Trophies for Greek Week, Hatter Holiday, and intramurals line the trophy case at the house as but a few of the tangibles of which we of Sigma Nu are proud.

Realizing and intending to follow our destination, Sigma Nu bases its future upon its past. The brothers both as individuals and as a group will continue to strive for ideals upon which the fraternity was founded and will remain loyal to the traditions and the heritage of the Honor Fraternity.

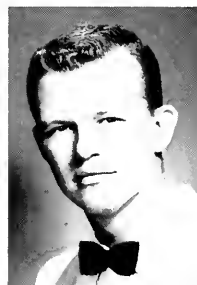

These are but a few of the various sizes and shapes of beards grown by the Snakes this Homecoming to celebrate their fiftieth anniversary on the Stetson campus.

Sigma Phi Epsilon, the world's second largest social fraternity, was founded November 1, 1901, at Richmond College in Virginia, the Florida Beta Chapter being established at Stetson in February of 1949.

Striving constantly to improve scholarship and leadership, Sigma Phi Epsilon this year has two members in Omicron Delta Kappa and one in Who's Who in American Universities. There have also been Sig Eps on the Honor Roll and Dean's List.

Sig Ep is proud of its leaders, such as the head resident of the men's dormitories, with members in Scabbard and Blade, Green Circle, Pershing Rifles, Men's Council, "S" Club, and many other leadership positions and honoraries. Always active in intramurals, the members also participate in intercollegiate athletics.

The group won this past year's Hatter Holiday competition.

The Sig Ep house is the center of social events, the year being highlighted by the annual Christmas and Valentine dances and the fraternity weekend, which is well-known for its "Queen of Hearts" Ball.

Sigma Phi Epsilon is justly proud of its camp fund to benefit underprivileged children. Established in 1950, it was the first such project successfully administered by a national fraternity.

Prominent alumni of the fraternity on campus include Dean E. C. Furlong, Dr. John Vaughen, Graves Edmundson, and Richard Pearce.

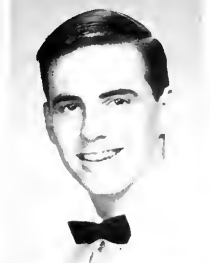

Bill Morre easily clears this bar in an interfraternity track meet.

Lanny Miller and Dick Childs are among the many Sig Eps enjoying themselves at this sorority open house.

## DR. ELMER C. PRICHARD . . .

■ A devilish sort of twinkle in the eyes reveals the good nature of Elmer Prichard, the versatile chairman of Stetson's biology department. As a retired Army Colonel, he has taught several advanced ROTC classes; as a former professional baseball player, he now aids in coaching the university's team; as a scientist he has done much noted research, published many articles, and merited a place in **Who's Who in American Science**; and as a professor and friend he has attained a devoted following.

LIEUTENANT COLONEL HARRY E. APGAR

In its thirteenth year on the Stetson campus, the Reserve Officers' Training Corps is currently training over two hundred cadets in the Branch General Program, which stresses general military subjects applicable to the Army as a whole, with emphasis on leadership. Through class work, drill periods, patrols, and summer camps, it continues to train men for each of the service's fifteen branches.

Beyond this career preparation come scholastic, service, and social opportunities. Outstanding cadets may attain membership in the military honoraries, Pershing Rifles and Scabbard and Blade, and may achieve the status of Distinguished Military Students. Further, ROTC sponsors one of Stetson's social highlights with the annual spring Military Ball.

# **R. O. T. C. Companies**

At 3:30 each Monday afternoon, the entire Cadet Corps assembles, starched and polished, on Hulley Field for a three-hour drill period. Each cadet must meet Regular Army specifications regarding dress, drill, conduct, and care and maintenance of weapons.

Divided into companies of approximately fifty men each, the cadets are supervised by a six-man Battle Group Staff, aided by Regular Army officers and

NCO'S. Each company has its own commander, executive officer, and platoon leaders who, in turn, are aided by various sergeants and corporals.

The ROTC program is not limited to this drill procedure, however, as it extends to classwork, field maneuvers, and summer camp stints. Upon graduation and successful completion of the requirements, a cadet receives a commission as second lieutenant in the Army in his particular area of specialization.

## CARL H. "DOC" JOHNSON . . .

■ Along with his faithful sidekick Blackie, "Doc" Johnson has become somewhat of a legend around Florida. Since being graduated from Stetson, he has stayed with the university twenty-eight years in such capacities as assistant professor of geography, director of intramurals, traffic coordinator, director of men's housing, and baseball coach. Nearly everyone connected with Stetson has at some time affectionately imitated his well-known vocal mannerisms and has become aware of his sly humor; some have learned of his avid and cagey bridge playing, his wide reading, and his writing of poetry; and all of them feel a genuine fondness for "good ol' Doc."

Stetson 3	Fla. Southern 1

### 1962 - 1963

Quelching Jacksonville's Homecoming hopes, Stetson began a rocky season with over half the victories in Florida Intercollegiate Conference competition. The Wilkesmen were undefeated in conference play until the final two games, then settling for second place behind Miami.

Seldom a smoothly working unit this year, the Hi-Hats needed the NAIA District 25 championship to effect the university's fourteenth consecutive winning season (14-12). As the 1963 Hatter goes to press, the team is enroute to another national NAIA tournament in Kansas City.

Kneeling, left to right, are Frank Shelton, Vernon Waters, high-scorer Lamar Deaver, Ken Kincaid, and Floyd Gladden. Standing are Coach Wilkes, Jim Yeager, Bill Clark, Jim Jarrett, Dewey Terrell, Joe Beavo, Jack Sparks, Bobby Paschal, Bill Hester, manager Kim Lowry, and assistant coach Joel Hancock.

Head and shoulders above his opponents, Deaver aims for another basket.

PRESIDENTS CUP  
INTRAMURAL CHAMPIONSHIP

INTRAMURALS

Seated, from left, are Dell Marie Mikell, Mary Lynn Chapman, Mrs. Carlton, Margaret Jones, and Mary DeLeGal. Standing are Lynn Harkness, Lois Sechrist, Mary Cox, Sharon Gage, Helen Gaylord, Marilyn Raynal, Denise Wall, Paula Tondée, Nancy Atsma, and Charlotte Keyes.

**WOMEN'S BOARD**

## The Intramural Boards

These boards, working with their respective groups, direct one of the most popular extra-curricular activities at Stetson—intramurals. Nearly everyone at the university has at one time or another participated in one of the programs' wide range of sports, including basketball, bowling, volleyball, tennis, etc.

Each year awards are made for each major sport and for overall supremacy. 1961-62 winners were Zeta Tau Alpha and Sigma Nu.

### MEN'S BOARD

Seated are Frank Wynn, Bob Smith, and Cecil Collins. Standing are Bill Kuhl, Bill Gress, Roger Nofsinger, and David Johnson.

Anne Quarles and Bunny Bergin smile happily after Mrs. Fran Carlton has presented them with the Zeta's fifth consecutive Intramurals Point Trophy.

## Women's Intramurals

Tri-Delt Meg Jones rushes to the net for a volleyball assist.

Marilyn Raynal blocks a shot.

If he can release the pole properly, this vaulter has made a successful try.

## Men's Intramurals

The recorder watches closely to see if this high-jumper clears the mark.

Too much interference probably negates this attempt.

Sigma Nu Bucky Gladden lets go with a barrelhouse swing in this softball game against Lambda Chi.

## Men's Intramurals

Snake Roy Bowman leads the pack in the 220.

Pi Kapp Roger Nofsinger leaps high for a rebound.

Lambda Chi Tom Barnard rolls over the high jump bar.

Bobby Scott cannot quite prevent this shot.

Despite rushing Sig Eps, all-star quarterback Ron Gironda gets off his pass to Delta Sig teammate John Ruggiero.

A Pi Kapp and a Sig Ep scramble for the toss in their basketball game.

Glenn Geiger rather disinterestedly watches one of his teammates finish the mile.

## Men's Intramurals

One of the largest crowd-drawing football matches is always that between the Snakes and the Delta Sigs.

# Stetson's Cheerleaders

Two juniors, two sophomores, five freshmen, and a mascot comprise the Stetson cheerleading squad, under the direction of "Prof" Giffin. Serving to promote and channel enthusiasm at pep rallies, bonfires, basketball and soccer games, the girls have themselves received encouragement this year with their new uniforms and increased travel allotments.

Seven "plus one" are getting ready to pep up the crowd in one of the university's autumn games.

Janice Fisher is heading for a conference with the rest of the squad about the next yell at this soccer season bonfire rally.

Up in the air about leading the Rollins Tars are, from left, Francene Smith, Laurie Cheatham, Marcia Robinson, mascot Cathy Giffin, Janice Fisher, Diane Strickland, Cissy Harris, and Cheryl Hankins.

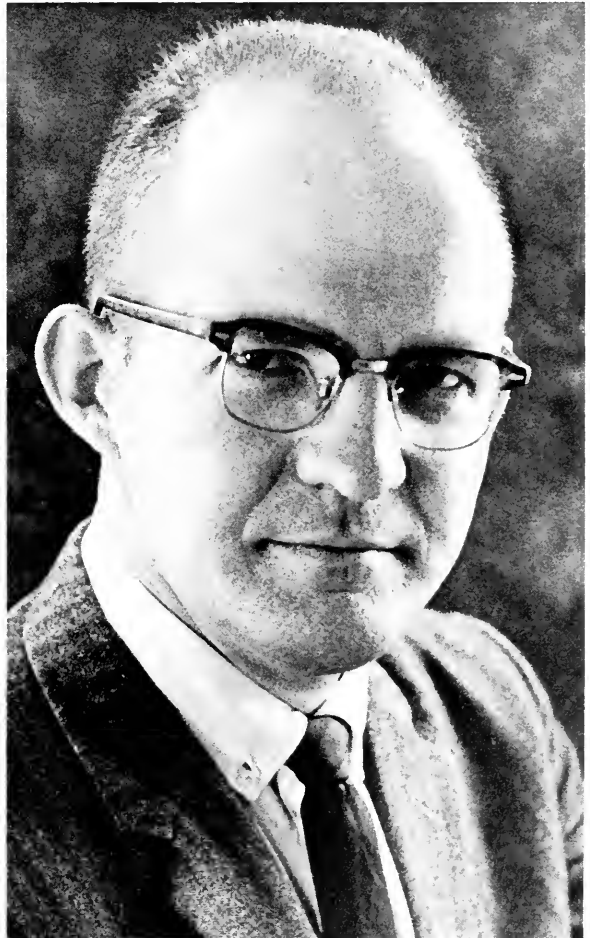

# Organizations

## DR. JOSEPH T. SUTTON . . .

■ Although he often seems to fit the role of the absent-minded professor, in reality Dr. Sutton possesses imaginative and organizational talents which have led him to two national research grants (Project English Composition and the Volusia Individualized Mathematics Project), the SGA sponsorship, and an active part in Stetson's IBM activities. But perhaps his greatest contributions have come strictly from his personality. As a counselor, friend, and frequently just listener, he has given countless persons aid, stability, and reassurance; his warmth, compassion, and sincerity have left indelible imprints on all with whom he has come in contact.

PRESIDENT BOB MORRIS

"Exerting the gift of freedom, bestowed by God and insured and established in the Constitution of the United States, we, the students of Stetson University, in order to afford just representation in the interest of the student body, to centrally govern and coordinate the various organizations, and to cooperate with the University authorities for the benefit of all, do establish this Constitution for the Student Body of Stetson University."

The above preamble to the recently revised SGA constitution clearly and simply states the objectives of Stetson's student body. Headed by a four-man executive committee and a student senate, the SGA governs organizations, elections, and schoolwide social and philanthropic projects. These elected officials attempt to conciliate the students' ideas and wishes with those of the administration and faculty.

Below are excerpts from the constitution to further explain the workings of SGA.

## Physical Education Majors' Club

The Women's Physical Education Majors' Club is an organization for the professionally minded student who plans to teach physical education in the public schools. Meetings are held twice a month, one being a recreational meeting and the other a business type. Occasionally a guest speaker is invited to address the group on some related subject.

From left to right are Nancy Laird, Margaret Jones, Dell Marie Mikell, president Frieda Kimble, and Wendy Laird.

The "S" Club is composed of all Stetson men who have lettered in varsity sports. It is designed to promote interest and participation in intercollegiate athletics and to further sportsmanship and individual maturity both on and off the playing field.

Each year the club participates in such projects as Rat Week, aiding grade school children in the annual Christmas parade, and the March of Dimes. One of the outstanding events every year is the banquet given in the spring to honor new letter winners.

This year the "S" Club set a precedent by initiating Diane Disney, who has been scorer and statistician for the men's intercollegiate teams for four years.

Chaotically arranged, members pictured are Ralph Youngerman, Lee Gartside, Verl Beebe, Bob Bidwell, Dennis Skelton, Gene White, Skip Broome, David Tucker, Adrian Bambini, Lance Gaddy, Coach Berner, Jeff Goddard, Larry Hartfield, Bob Eckblad, and Don Donegan.

## The "S" Club

Such "bumbershooting" is but a part of the "S" Club initiation.

## Scabbard and Blade

Scabbard and Blade is a national military honorary society limited to cadets enrolled in the advanced course of ROTC and further restricted to those with high scholastic averages and essential officer qualities. Perennially leading the Green Feather charity drive with its turkey shoot, Scabbard and Blade also furnished Stetson with a major social highlight in the annual Military Ball.

## Phi Society

Leadership, scholarship, service—these are the goals of Mortar Board, a national honorary organization devoted to these standards and composed of women who have achieved them during their first three years in college. Stetson's chapter each year presents awards to the outstanding freshman and senior women in the field of service to the university.

The group ranges in activities from sponsoring Tassel to directing the sale of corsages for Parents' Weekend.

## DR. GENE W. MEDLIN

■ In the areas of science and education, few things popularize a university so much as a National Science Foundation Summer Institute for Teachers. Dr. Gene Medlin is currently reviewing nearly a thousand applications for this summer for the second such institute he has directed at Stetson. He has also worked as a consultant for the Volusia Individualized Mathematics Project and as a deacon in the Baptist Church, but we feel that he should be most highly cited for the aid he has provided students. His genuine, sincere interest has led him to help countless students secure financial assistance and admission to graduate school, and has greatly furthered amicable faculty-student relationships.

# IMAGINEERING...

TODAY, the business world, the arts and sciences, and the professions are seeking young people with "imagineering" ability... the ability to combine their imagination with scientific exactness in their work.

Only through education and training can young minds be prepared to meet the challenges of a rapidly-changing world.

More power to you, the "imagineers" of the future!
